Dear County Administrator,

Deposits for Piedmont Regional Jail for the month of February 2013 totaled \$705,864.25.

Checks written for the month of February 2013 totaled \$ 702,176.09.

Due to the excess of receipts over expenditures there is no bill to the counties for the month of February; however if cash flow is not sufficient to cover March expenses, money will be used from the money market account and will need to be reimbursed.

Sincerely,

A handwritten signature in cursive script that reads "Ernest L. Toney".

Ernest L. Toney, Superintendent
