Independent Auditors' Report

**The Honorable Members of
The Board of Supervisors
County of Cumberland, Virginia**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Cumberland, Virginia, as of and for the year ended June 30, 2010, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County of Cumberland, Virginia's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Cumberland, Virginia, as of June 30, 2010, and the respective changes in financial position, and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 20, 2010, on our consideration of the County of Cumberland, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis, Schedule of Pension Funding Progress, and budgetary comparison information, as listed in the table of contents, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Cumberland, Virginia's basic financial statements. The combining and individual fund financial statements, supporting schedules and other statistical information are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of the County of Cumberland, Virginia. The combining and individual fund financial statements, supporting schedules and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The other statistical information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS

To the Honorable Members of the Board of Supervisors
To the Citizens of Cumberland County
County of Cumberland, Virginia

As management of the County of Cumberland, Virginia we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2010.

Financial Highlights

Government-wide Financial Statements

- The assets of the County exceeded its liabilities at the close of the most recent fiscal year by \$6,859,603 (net assets).

Fund Financial Statements

The Governmental Funds, on a current financial resource basis, reported expenditures and other financing (uses) in excess of revenues by \$414,302 (Exhibit 4). General Fund contributions to the School Board totaled \$3,712,387 for the current fiscal year.

- As of the close of the current fiscal year; the County's governmental funds reported ending fund balances of \$3,055,698 a decrease of \$414,302 in comparison with the prior year.
- At the end of the current fiscal year, unreserved undesignated fund balance for the general fund was \$1,710,253 or 11% of total general fund expenditures.
- Our combined long-term obligations decreased \$1,474,797 during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components:

1. Government-wide financial statements,
2. Fund financial statements, and
3. Notes to the financial statements.

This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements—The Government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

Overview of the Financial Statements: (Continued)

The statement of net assets presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, courts, police protection, sanitation, social services, education, cultural events, and recreation.

The government-wide financial statements include not only the County of Cumberland, Virginia itself (known as the primary government), but also a legally separate school district and a service authority for which the County of Cumberland, Virginia is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself.

Fund financial statements—A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County of Cumberland, Virginia, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds—Governmental funds are used to account for essentially the same functions or services reported as governmental activities in the government-wide financial statements. Whereas the government-wide financial statements are prepared on the accrual basis of accounting, the governmental fund financial statements are prepared on the modified accrual basis of accounting. The focus of modified accrual reporting is on near-term inflows and outflows of financial resources and the balance of financial resources available at the end of the fiscal year. Since the governmental funds focus is narrower than that of the government-wide financial statements a reconciliation between the two methods is provided at the bottom of the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances. The County has three major governmental funds—the General Fund, the County Capital Projects Fund, and the School Capital Projects Fund.

Proprietary funds—Proprietary funds consist of enterprise funds. Enterprise funds are established to account for the delivery of goods and services to the general public and use the accrual basis of accounting, similar to private sector business.

The Sewer Fund provides a centralized source for sewer services to County residents.

The Water Fund provides a centralized source for water services to County residents.

Fiduciary funds—The County is the trustee, or fiduciary, for the County's agency funds. It is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the County's fiduciary activities are reported in a separate statement of fiduciary net assets. The County excludes these activities from the County's government-wide financial statements because the County cannot use these assets to finance its operations. Agency funds are County custodial funds used to provide accountability of client monies for which the County is custodian.

Overview of the Financial Statements: (Continued)

Notes to the financial statements—The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information—In addition to the basic financial statement and accompanying notes, this report also presents certain required supplementary information for budgetary comparison schedules and presentation of combining financial statements for the discretely presented component units - School Board and IDA. The School Board and IDA do not issue separate financial statements.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a County’s financial position. In the case of the County, assets exceeded liabilities by \$5,142,427 at the close of the most recent fiscal year.

	Governmental Activities		Business-type Activities		Totals	
	2010	2009	2010	2009	2010	2009

Overview of the Financial Statements: (Continued)

Government-wide Financial Analysis: (Continued)

For the most part, increases in expenditures closely paralleled inflation and growth in the demand for services.

Financial Analysis of the County's Funds

As noted earlier, the County used fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds—The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of available resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a County's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported fund balances of \$3,055,698, a decrease of \$414,302 in comparison with the prior year. Approximately 43% of this total amount constitutes unreserved undesignated fund balance, which is available for spending at the County's discretion. The remainder of fund balance is reserved to indicate that is not available for new spending because it has already been committed:

Proprietary funds

The County's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail.

General Fund Budgetary Highlights

Differences between the original budget and the final amended budget were \$1,193,327 and can be briefly summarized as follows:

- \$861,533 in increases for debt service
- \$227,109 in increases for public safety
- \$107,882 in increases for health and welfare

Of this increase, \$261,349 was to be funded from state and federal revenues and \$417,235 from increases in general property taxes. The remaining \$678,784 was to be budgeted from available fund balance and other revenue increases.

Capital Asset and Debt Administration

- Capital assets—The County's investment in capital assets for its governmental and enterprise operations as of June 30, 2010 totals \$47,100,336 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, and machinery and equipment. During the year the County sold the Community Center for \$2,000,000.

Capital Asset and Debt Administration: (Continued)

Additional information on the County's capital assets can be found in the notes of this report.

Long-term debt—At the end of the current fiscal year, the County had total bonded debt outstanding of \$45,229,792. Of this amount \$43,674,733 comprises debt backed by the full faith and credit of the County. The remainder of the County's debt represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

The County's total debt decreased \$1,486,742 during the current fiscal year. During the year the County obtained permanent financing with VACO/VML in the amount of \$5,000,000 and is repaying this over 20 years at 3.3975%.

Additional information on the County of Cumberland, Virginia's long-term debt can be found in Note 10 of this report.

Economic Factors and Next Year's Budgets and Rates

The unemployment rate for the County was 8.4 percent in July 2010, which is an increase from the rate of 7.5 percent a year ago. This compares unfavorably to the state's average unemployment rate of 7.1 percent and favorably to the national rate of 9.7 percent.

- Inflationary trends in the region compare favorably to national indices.

All of these factors were considered in preparing the County's budget for the 2011 fiscal year.

The fiscal year 2011 General Fund's budget decreased from \$13,351,898 to \$13,267,820. The real estate and mobile home tax rate increased from \$.59 to \$.70 while the personal property rate increased from \$4.40 to \$4.50 and the personal property for emergency services increased from \$2.20 to \$4.50. Other tax rates remained the same.

Requests for Information

This financial report is designed to provide a general overview of the County of Cumberland, Virginia's finances for all those with an interest in the County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the County Administrator, P.O. Box 110, Cumberland, Virginia 23040.

Total liabilities and fund balances	<u>\$ 3,837,491</u>	<u>\$ 324,736</u>	<u>\$ 4,162,227</u>

Detailed explanation of adjustments from fund statements to government-wide statement of net assets:

Total Fund Balances per Balance Sheet \$ 3,055,698

When capital assets (land, buildings, equipment) that are to be used in governmental activities are purchased or constructed, the costs of those assets are reported as expenditures in governmental funds. However, the statement of net assets includes those capital assets among the assets of the County as a whole. \$ 38,960,408

Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. (470,499)

Because the focus of governmental funds is on short-term financing, some assets will not be available to pay for current-period expenditures. Those assets (for example, receivables) are offset by deferred revenues in the governmental funds and thus are not included in the fund balance. 935,515

Long-term liabilities applicable to the County's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities--both current and long-term--are reported in the statement of net assets. (44,352,081)

Net assets of general government activities \$ (1,870,959)

Reconciliation of Statement of Revenues, Expenditures and Changes in Fund Balances
to the Statement of Activities - Governmental Funds
Year Ended June 30, 2010

		<u>Primary Governmental Funds</u>
<p>Amounts reported for governmental activities in the statement of activities are different because:</p>		
Net change in fund balances - total governmental funds	\$	(414,302)
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the capital outlays exceeded depreciation in the current period. The following details support this adjustment.</p>		
Capital outlay	\$ 230,007	
Depreciation expense	<u>(1,273,946)</u>	(1,043,939)
Transfer of joint tenancy assets from Primary Government to the Component Unit		(1,324,315)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Details of this item consist of deferred taxes.		42,159
<p>The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items the treatment of long-term debt and related items. A summary of items supporting this adjustment is as follows:</p>		
Principal retired on note payable and general obligation bonds	\$ 6,209,076	
Issuance of note payable	(5,000,000)	
Principal retired on state literary fund loans	<u>244,163</u>	1,453,239
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds. The following is a summary of items supporting this adjustment:</p>		
Change in accrued leave	\$ 21,557	
Change in interest payable	<u>(224,156)</u>	<u>(202,599)</u>
Change in net assets of governmental activities	\$	<u><u>(1,489,757)</u></u>

The accompanying notes to financial statements are an integral part of this statement.

COUNTY OF CUMBERLAND, VIRGINIA

Notes to Financial Statements
As of June 30, 2010

Note 1—Summary of Significant Accounting Policies:

The County of Cumberland, Virginia was formed in 1749 and it is governed by an elected five member Board of Supervisors. The Board of Supervisors is responsible for appointing the County Administrator. The County provides a full range of services for its citizens. These services include police and volunteer fire protection; sanitation services; recreational activities; cultural events; education and social services.

The financial statements of the County of Cumberland, Virginia have been prepared in conformity with the specifications promulgated by the Auditor of Public Accounts (APA) of the Commonwealth of Virginia, and the accounting principles generally accepted in the United States as specified by the Governmental Accounting Standards Board. The more significant of the government's accounting policies are described below.

Financial Statement Presentation

Management's Discussion and Analysis—GASB Statement No. 34 requires the financial statements be accompanied by a narrative introduction and analytical overview of the government's financial activities in the form of "management's discussion and analysis" (MD&A).

Government-wide and Fund Financial Statements

Government-wide financial statements—The reporting model includes financial statements prepared using full accrual accounting for all of the government's activities. This approach includes not just current assets and liabilities but also capital assets and long-term liabilities (such as buildings and general obligation debt).

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

Statement of Net Assets—The Statement of Net Assets is designed to display financial position of the primary government (government and business-type activities) and its discretely presented component units. Governments will report all capital assets, in the government-wide Statement of Net Assets and will report depreciation expense - the cost of "using up" capital assets-in the Statement of Activities. The net assets of a government will be broken down into three categories-1) invested in capital assets, net of related debt; 2) restricted; and 3) unrestricted.

Statement of Activities—The government-wide statement of activities reports expenses and revenues in a format that focuses on the cost of each of the government's functions. The expense of individual functions is compared to the revenues generated directly by the function (for instance, through user charges or intergovernmental grants).

COUNTY OF CUMBERLAND, VIRGINIA

Notes to Financial Statements
As of June 30, 2010 (Continued)

Note 1—Summary of Significant Accounting Policies: (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Budgetary comparison schedules—Demonstrating compliance with the adopted budget is an important component of a government's accountability to the public. Many citizens participate in one way or another in the process of establishing the annual operating budgets of local governments, and have a keen interest in following the actual financial progress of their governments over the course of the year. Many government's revise their original budgets over the course of the year for a variety of reasons. Under the GASB 34 reporting model, governments provide budgetary comparison information in their annual reports, including the original budget, final budget and actual results.

A. Financial Reporting Entity

The basic criterion for determining whether a governmental department, agency, institution, commission, public authority, or other governmental organization should be included in a primary governmental unit's reporting entity for basic financial statements is financial accountability. Financial accountability includes the appointment of a voting majority of the organization's governing body and the ability of the primary government to impose its will on the organization or if there is a financial benefit/burden relationship. In addition, an organization which is fiscally dependent on the primary government should be included in its reporting entity. These financial statements present the County of Cumberland, Virginia (the primary government) and its component units. Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the combined financial statements to emphasize it is legally separate from the government.

Blended Component Units—The County has no blended component units.

Discretely Presented Component Units—The School Board members are appointed by a School Board Selection Committee whose members are appointed by the Circuit Court and are responsible for the operations of the County's School System. The School Board is fiscally dependent on the County. The County has the ability to approve its budget and any amendments. The primary funding is from the General Fund of the County. The School Fund does not issue a separate financial report and does not have separate taxing powers. The financial statements of the School Board are presented as a discrete presentation of the County financial statements for the fiscal year ended June 30, 2010.

COUNTY OF CUMBERLAND, VIRGINIA

Notes to Financial Statements
As of June 30, 2010 (Continued)

Note 1—Summary of Significant Accounting Policies: (Continued)

B. Individual Component Unit Disclosures

The Industrial Development Authority of Cumberland County was established to promote industry and develop trade by inducing manufacturing, industrial government, and commercial enterprises to locate in Cumberland County. The Authority draws its corporate powers from the Virginia Code section 15.1-1376 which defines it as a body corporate. The Authority consists of 7 directors all of which are appointed by the Primary Government for limited terms. The primary Government can impose its will on the Authority by approving its annual operating budget. In summary, the Authority is a body corporate, appointed by the Primary Government. These factors warrant its inclusion in the County of Cumberland's reporting entity as a discretely presented component unit.

C. Other Related Organizations

The County's officials are also responsible for appointing the members of the board of other organizations, but the County's accountability for these organizations do not extend beyond making the appointment.

Included in the County's Annual Financial Report

None

Excluded from the County's Annual Financial Report

Crossroads Community Services Board

The Board was created by resolution pursuant to state statute and is considered a jointly governed organization and therefore its operations are not included in the County's financial statements. The board's service area includes the counties of Amelia, Buckingham, Charlotte, Cumberland, Lunenburg, Nottoway and Cumberland. The Board is governed by a 15 member Board of Directors. One elected official and one consumer appointed by the County Board of Supervisors represents each County. The 15th member rotates between the Counties. Amelia County serves as the fiscal agent for the Board. The County cannot impose its will on the Board since it does not have the ability to modify or approve the budget or overrule or modify the decisions of the Board. The Board is fiscally independent and there is no financial benefit or burden relationship with the County. Therefore, it is not included in the County's financial statements.

Piedmont Regional Jail Board—The Board was created in 1986 to develop, construct, operate and maintain the regional jail known as the Piedmont Regional Jail. The Jail's service area includes the counties of Amelia, Buckingham, Cumberland, Lunenburg, Nottoway, and Prince Edward. The Board is governed by a Board of Directors appointed by the Board of Supervisors of each of the involved counties. The Board of Directors has appointed the Treasurer of the County of Nottoway to serve as fiscal agent. The Board is considered a jointly governed organization and therefore its operations are not included in the County's financial statements. The County cannot impose its will on the Board since it does not have the ability to modify or approve the budget or overrule or modify the decisions of the Board. The Board is fiscally independent and there is no financial benefit or burden relationship with the County. Therefore, it is not included in the County's financial statements.

COUNTY OF CUMBERLAND, VIRGINIA

Note 1—Summary of Significant Accounting Policies: (Continued)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accompanying financial statements are prepared in accordance with pronouncements issued by the Governmental Accounting Standards Board. The principles prescribed by GASB represent generally accepted accounting principles applicable to governmental units.

The County applies all GASB pronouncements as well as the Financial Accounting Standards Board pronouncements issued on or before November 30, 1989 unless these pronouncements conflict or contradict GASB pronouncements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as soon as all eligibility requirements imposed by the provided have been met.

The government-wide statements of activities reflects both the gross and net cost per functional category (public safety, public works, health and welfare, etc.) which are otherwise being supported by general government revenues, (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.) The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants, and contributions. The program revenues must be directly associated with the function (public safety, public works, health and welfare, etc.) or a business-type activity.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The County's fiduciary funds are presented in the fund financial statements by type. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

COUNTY OF CUMBERLAND, VIRGINIA

Notes to Financial Statements
As of June 30, 2010 (Continued)

Note 1—Summary of Significant Accounting Policies: (Continued)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation: (Continued)

In the fund financial statements, financial transactions and accounts of the County are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

1. Governmental Funds

Governmental Funds are those through which most governmental functions typically are financed. The government reports the following major governmental funds.

a. General Fund

The General Fund is the primary operating fund of the County. This fund is used to account for all financial transactions and resources except those required to be accounted for in another fund. Revenues are derived primarily from property and other local taxes, state and federal distributions, licenses, permits, charges for service, and interest income. A significant part of the General Fund's revenues is used principally to finance the operations of the Component Unit School Board. The General Fund is considered a major fund for government-wide reporting purposes.

b. County Capital Projects Fund

The County Capital Projects Fund accounts for all financial resources used for the acquisition or construction of major capital facilities not being financed by proprietary funds. The County Capital Projects Fund is considered a major fund for government-wide reporting purposes.

c. School Capital Projects Fund

The School Capital Projects Fund accounts for all financial resources used for the acquisition or construction of major capital facilities for schools. The School Capital Projects Fund is considered a major fund for government-wide reporting purposes.

2. Proprietary Funds—account for operations that are financed in a manner similar to private business enterprises. The Proprietary Fund measurement focus is upon determination of net income, financial position, and changes in financial position. Proprietary Funds consist of Enterprise Funds.

COUNTY OF CUMBERLAND, VIRGINIA

Notes to Financial Statements
As of June 30, 2010 (Continued)

Note 1—Summary of Significant Accounting Policies: (Continued)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation: (Continued)

Enterprise Funds

Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

The County reports the following major enterprise funds:

Sewer Fund—This fund is used to account for sewage treatment plant, sewage pumping stations and collection systems as well as the water distribution system.

Water Fund—This fund is used to account for the County's water system.

3. Fiduciary Funds (Trust and Agency Funds) account for assets held by the County unit in a trustee capacity or as an agent or custodian for individuals, private organizations, other governmental units, or other funds. These funds include Agency Funds. These funds utilize the accrual basis of accounting. Fiduciary funds are not included in the government-wide financial statements. The County's agency funds include the Special Welfare Fund, Sheriff's Forfeiture Fund, and Landfill Escrow Fund.

E. Budgets and Budgetary Accounting

The following procedures are used by the County in establishing the budgetary data reflected in the financial statements:

1. Prior to March 15, the County Administrator submits to the Board of Supervisors a proposed operating and capital budget for the fiscal year commencing the following July 1. The operating and capital budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain citizen comments.
3. Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.
4. The Appropriations Resolution places legal restrictions on expenditures at the department level. The appropriation for each department or category can be revised only by the Board of Supervisors. The County Administrator is authorized to transfer budgeted amounts within general government departments; however the School Board is authorized to transfer budgeted amounts within the school system's categories.
5. Formal budgetary integration is employed as a management control device during the year for the General Fund, School Fund, and the Capital Projects Fund.
6. All budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
7. Appropriations lapse on June 30, for all County units. Several supplemental appropriations were necessary during the year and at year-end.
8. All budget data presented in the accompanying financial statements is the original to the current comparison of the final budget and actual results.

COUNTY OF CUMBERLAND, VIRGINIA

Notes to Financial Statements
As of June 30, 2010 (Continued)

Note 1—Summary of Significant Accounting Policies: (Continued)

F. Cash and Cash Equivalents

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the County government and the School Board to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements, and the Local Government Investment Pool.

Investments for the government, as well as for its component units, are reported at fair value. The Local Government Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

G. Investments

Investments are stated at fair value which approximates market; no investments are valued at cost. Certificates of deposit and short-term repurchase agreements are reported in the accompanying financial statements as cash and cash equivalents. Investments consist of assets held by a trustee.

H. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e. the current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

All trade and property tax receivables are shown net of an allowance for uncollectibles. The County calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance amounted to approximately \$247,283 at June 30, 2010 and is comprised of property taxes in the amount of \$233,671 and utility accounts in the amount of \$13,612.

Property is assessed at its value on January 1. Property taxes attach as an enforceable lien on property as of January 1. Real estate taxes are due in two installments, the first on June 15th and the second on November 15th. Personal property taxes are payable November 15th. The County bills and collects its own property taxes.

I. Capital Assets

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the County as land, buildings, road registered vehicles, and equipment with an initial individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

COUNTY OF CUMBERLAND, VIRGINIA

Notes to Financial Statements
As of June 30, 2010 (Continued)

Note 1—Summary of Significant Accounting Policies: (Continued)

I. Capital Assets: (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities are included as part of the capitalized value of the assets constructed.

Property, plant and equipment of the primary government, as well as the component units, is depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	40
Building Improvements	20-40
Vehicles	5
Office and computer equipment	5
Buses	12

J. Compensated Absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported as an expense in the statement of activities and a long-term obligation in the Statement of Net Assets. In accordance with the provisions of Governmental Accounting Standards No. 16, Accounting for Compensated Absences, no liability is recorded for nonvesting accumulating rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulating sick leave benefits that it is estimated will be taken as "terminal leave" prior to retirement.

K. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

COUNTY OF CUMBERLAND, VIRGINIA

Notes to Financial Statements
As of June 30, 2010 (Continued)

Note 1—Summary of Significant Accounting Policies: (Continued)

L. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

M. Retirement Plan

Retirement plan contributions are actuarially determined and consist of current services costs and amortization of prior service cost over a 30-year period. The County's policy is to fund pension costs as it accrues.

N. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

O. Net Assets

Net assets are the difference between assets and liabilities. Net assets invested in capital assets represent capital assets, less accumulated depreciation less any outstanding debt related to the acquisition, construction or improvement of those assets.

Note 2—Deposits and Investments:

Deposits

All cash of the County and Component Unit School Board is maintained in accounts collateralized in accordance with the Virginia Security for Public Deposits Act Section 2.2-4400 et. seq. of the Code of Virginia or covered by federal depository insurance.

Investments

Statutes authorize the County and Component Unit School Board to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia of political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper and certain corporate notes, banker's acceptances, repurchase agreements and the State Treasurer's Local Government Investment Pool (LGIP).

COUNTY OF CUMBERLAND, VIRGINIA

As of June 30, 2010 (Continued)

Note 2—Deposits and Investments: (Continued)

Credit Risk of Debt Securities

The County does not have a policy related to credit risk of debt securities.

The County's rated debt investments as of June 30, 2010 were rated by Standard & Poor's and the ratings are presented below using Standard & Poor's rating scale.

Locality's Rate Debt Investments' Values		
Rated Debt Investments	Fair Quality Ratings	
	AAA	A-1+
Local Government Investment Pool	\$ 205,929	\$ -
U.S. Treasury Money Market	88,944	-
Allied Irish Bank Na C P	-	302,832
Bear Stearns Fund	384,625	-
Total	\$ <u>679,498</u>	\$ <u>302,832</u>

Interest Rate Risk:

The County does not have a policy related to interest rate risk.

Investment Type	Investment Maturities (in years)				
	Fair Value	Less Than 1 Year	1-5 Years	6-10 Years	Greater Than 10 Years
Allied Irish Bank Na C P	\$ 302,832	\$ 302,832	\$ -	\$ -	\$ -
Bear Stearns Fund	384,625	-	-	-	384,625
	\$ <u>687,457</u>	\$ <u>302,832</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>384,625</u>

External Investment Pools:

The fair value of the positions in the Local Government Investment Pool (LGIP) are the same as the value of the pool shares. As this pool is not SEC registered, regulatory oversight of the pool rests with the Virginia State Treasury. LGIP maintains a policy to operate in a manner consistent with SEC Rule 2a-7.

Note 3—Due From Other Governmental Units:

At June 30, 2010 the County and School Board had receivables from other governments as follows:

	<u>Primary Government</u>	<u>Component Unit - School Board</u>
Commonwealth of Virginia:		
State sales taxes	\$ -	\$ 237,282
Local sales taxes	36,500	-
Communication taxes	67,625	-
Public assistance	33,616	-
Comprehensive services	84,550	-
Shared expenses	79,253	-
Other	56,941	-
Federal Government:		
School funds	-	82,452
Other	25,000	-
Public assistance	47,890	-
Total	<u>\$ 431,375</u>	<u>\$ 319,734</u>

Note 4—Interfund Obligations/Due to/From Primary Government/Component Units:

Primary Government:

<u>Fund</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
General	\$ 70,000	\$ -
Sewer	-	70,000
Total	<u>\$ 70,000</u>	<u>\$ 70,000</u>

COUNTY OF CUMBERLAND, VIRGINIA

Notes to Financial Statements
As of June 30, 2010 (Continued)

Note 4—Interfund Obligations/Due to/From Primary Government/Component Units: (Continued)

Details of obligations between the primary government and its component units as of June 30, 2009 are as follows:

	<u>Due from Primary Government/ Component Unit</u>	<u>Due to Primary Government/ Component Unit</u>
Primary Government:		
General	\$ 456,206	\$ -
Component Unit-School Board:		
School Operating	-	278,429
Component Unit-Industrial Development Authority:		
Industrial Development Authority	<u>-</u>	<u>177,777</u>
 Total	 <u>\$ 456,206</u>	 <u>\$ 456,206</u>

Note 5—Interfund Transfers:

Inter-fund transfers for the year ended June 30, 2009 consisted of the following:

<u>Fund</u>	<u>Transfers In</u>	<u>Transfers Out</u>
General	\$ 328,645	\$ 76,820
County Capital Projects	76,820	405,708
Water and Sewer	<u>77,063</u>	<u>-</u>
 Total	 <u>\$ 482,528</u>	 <u>\$ 482,528</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgeting authorization.

Note 6—Note Receivable:

\$1,000,000 note from the Component Unit IDA dated March 1, 1998 to be repaid in monthly installments of \$5,556 through March 2013, interest at no stated rate. At June 30, 2010, the note balance is \$177,777.

As of June 30, 2010 (Continued)

Note 9—Deferred Revenue:

Deferred revenue represents amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Under the modified accrual basis of accounting, such amounts are measurable, but not available. Deferred revenue totaling \$1,048,017 is comprised of the following:

A. Deferred Property Tax Revenue

Deferred revenue representing uncollected tax billings not available for funding of current expenditures totaled \$935,515 at June 30, 2010.

B. Prepaid Property Taxes

Property taxes due subsequent to June 30, 2010 but paid in advance by the taxpayers totaled \$112,502 at June 30, 2010.

During the year the County issued a derivative financial instruction in the form of an interest rate swap. The County has elected to implement Governmental Accounting Standards Board Statement No. 53, Accounting and Financial Reporting for Derivative Instruments during this fiscal year to account for this standard.

COUNTY OF CUMBERLAND, VIRGINIA

Notes to Financial Statements
As of June 30, 2010 (Continued)

Note 10—Long-Term Debt: (Continued)

Interest rate swap

Objective of the interest rate swap.

As a means to lower its borrowing costs, when compared against fixed-rate loans at the time of issuance in November 2009 the County entered into an interest rate swap in connection with its \$4,800,000 VACO / VML short-term financing note. Also in December 2008 the County entered into a similar arrangement when it obtained permanent financing on its \$20,200,000 VACO / VML notes. The intention of the swap was to effectively change the County's variable interest rate on the bonds to a synthetic fixed rate of 3.3975% on its 2009 issue and 3.29% on its 2008 issue, respectively. Utilizing the synthetic instrument method, the County has determined that the swap is an effective hedging derivative instrument and hedge accounting applies.

Terms - November 2009 issue - The bonds and the related swap agreement mature on November 1, 2029. The swap's notional value of \$5,303,080 is more than the balance outstanding on the bonds payable of \$5,000,000. The difference of \$303,080 is reported in these financial statements as a derivative instrument liability within the long-term obligations of the County.

Terms - November 2008 issue - The bonds and the related swap agreement mature on December 1, 2029. The swap's notional value of \$20,020,877 is more than the balance outstanding on the bonds payable of \$19,640,000. The difference of \$560,877 is reported in these financial statements as a derivative instrument liability within the long-term obligations of the County.

A corresponding deferred outflow of resources is reported on the statement of net assets as a reduction to total liabilities before computing net assets. The swap was entered into at the same time as the bonds were issued.

Fair Value - The fair values and changes in fair values of the swap are as follows:

	<u>\$5,000,000</u>	<u>\$19,640,000</u>	<u>Total</u>
Fair value	\$ (303,080)	\$ (560,877)	\$ (863,957)
Change in fair value	(303,080)	(560,877)	(863,957)

Component Unit School Board:

COUNTY OF CUMBERLAND, VIRGINIA

Notes to Financial Statements
As of June 30, 2010 (Continued)

Note 10—Long-Term Debt: (Continued)

Details of long-term obligations are as follows:

Component Unit School Board:

Ameresco performance contract lease, payable in various annual installments through June 2024. Interest payable at 4.85%. The total cost of the building was \$1,621,471.	\$ 1,399,511
Compensated absences	<u>377,021</u>
Total long-term obligations	<u><u>\$ 1,776,532</u></u>

Industrial Development Authority:

\$2,000,000 Rural Development loan dated April 23, 2010 payable in monthly installments of \$8,520 beginning May 23, 2010 through April 23, 2050, interest at 4.1%	<u><u>\$ 1,996,704</u></u>
--	----------------------------

Note 11—Landfill Closure and Postclosure Care Cost:

State and federal laws and regulations require the County to place a final cover on its landfills when closed and to perform certain maintenance and monitoring functions at the landfill sites after closure. The County will also incur the estimated total closure and postclosure cost of \$447,523 over the next eight years.

All amounts recognized are based on what it would cost to perform all closure and postclosure care at year-end. Actual cost may be higher due to inflation.

If these estimates are inadequate or additional postclosure requirements are determined (due to changes in technology or regulations, for example), these cost may need to be covered by charges to future landfill users or taxpayers.

The County has demonstrated financial assurance requirements for closure, post-closure care, and corrective action costs through the submission of a Local Government Financial Test to the Virginia Department of Environmental Quality in accordance with Section 9VAC20-70 of the Virginia Administrative Code.

COUNTY OF CUMBERLAND, VIRGINIA

Notes to Financial Statements
As of June 30, 2010 (Continued)

Note 12—Defined Benefit Pension Plan:

A. Plan Description

Name of Plan: Virginia Retirement System (VRS)
Identification of Plan: Agent and Cost-Sharing Multiple-Employer Defined Benefit Pension Plan
Administering Entity: Virginia Retirement System (System)

The County and School Board contribute to the Virginia Retirement System (VRS), an agent multiple-employer defined benefit pension plan that acts as a common investment and administrative agent for political subdivisions in the Commonwealth of Virginia.

All full-time, salaried permanent employees of participating employers must participate in the VRS. Benefits vest after five years of service. Employees are eligible for an unreduced retirement benefit at age 65 with 5 years of service (age 60 for participating local law enforcement officers, firefighters, and sheriffs) or at age 50 with at least 30 years of service if elected by the employer (age 50 with at least 25 years of service for participating local law enforcement officers, firefighters, and sheriffs) payable monthly for life in an amount equal to 1.7% of their average final compensation (AFC) for each year of credited service, (1.85% for sheriffs and if the employer elects, for other employees in hazardous duty positions receiving enhanced benefits). Benefits are actuarially reduced for retirees who retire prior to becoming eligible for full retirement benefits. In addition, retirees qualify for annual cost-of-living adjustment (COLA) beginning in their second year of retirement. The COLA is limited to 5.00% per year. AFC is defined as the highest consecutive 36 months of reported compensation. Participating local law enforcement officers, firefighters, and sheriffs may receive a monthly benefit supplement if they retire prior to age 65. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia (1950), as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

The system issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for VRS. A copy of that report may be downloaded from their website at <http://www.varetire.org/Pdf/Publications/2009annualreptort.pdf> or obtained by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23216-2500.

B. Funding Policy

Plan members are required by Title 51.1 of the Code of Virginia (1950), as amended, to contribute 5% of their annual salary to the VRS. This 5% member contribution may be and has been assumed by the employer. In addition, the County and School Board are required to contribute the remaining amounts necessary to fund participation in the VRS using the actuarial basis specified by the Code of Virginia and approved by the VRS Board of Trustees. The County's and School's non-professional employees contribution rates for the fiscal year ended 2010 were 7.24% and 5.67% of annual covered payroll, respectively.

The School Board's contributions for professional employees were \$614,122, \$658,185, and \$787,282 to the teacher cost-sharing pool for the fiscal years ended June 30, 2010, 2009 and 2009, respectively and these contributions represented 8.81%, 8.81% and 10.30%, respectively, of current covered payroll.

COUNTY OF CUMBERLAND, VIRGINIA

Notes to Financial Statements
As of June 30, 2010 (Continued)

Note 12—Defined Benefit Pension Plan: (Continued)

C. Annual Pension Cost

For fiscal year 2010, the County’s annual pension cost of \$218,644 was equal to the County’s required and actual contributions.

Three-Year Trend Information - County			
Fiscal Year Ending	Annual Pension Cost (APC) (1)	Percentage of APC Contributed	Net Pension Obligation
June 30, 2010	\$ 218,644	100%	\$ -
June 30, 2009	217,522	100%	
June 30, 2008	145,260	100%	-

For fiscal year 2010, the County School Board’s annual pension cost for the Board’s non-professional employees was \$42,852 which was equal to the Board’s required and actual contributions.

Three-Year Trend Information - County School Board Non-Professional			
Fiscal Year Ending	Annual Pension Cost (APC) (1)	Percentage of APC Contributed	Net Pension Obligation
June 30, 2010	\$ 42,852	100%	\$ -
June 30, 2009	42,009	100%	\$ -
June 30, 2008	33,506	100%	-

(1) Employer portion

The required contribution was determined as a part of the June 30, 2007 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions at June 30, 2007 included (a) an investment rate of return (net of administrative expenses) of 7.50%, (b) projected salary increases ranging from 3.75% to 5.6% for general government and 3.5% to 4.75% for employees eligible for enhanced benefits available to law enforcement officers, firefighters, and sheriffs, and (c) a cost-of-living adjustment of 2.5% per year. Both (the investment rate of return and the projected salary increases include an inflation component of 2.50%. The actuarial value of the County’s and the County School Board’s assets is equal to the modified market value of assets. This method uses techniques that smooth the effects of short-term volatility in the market value of assets over a five-year period. The County’s and the County School Board’s unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2007 is 20 years.

COUNTY OF CUMBERLAND, VIRGINIA

Notes to Financial Statements
As of June 30, 2010 (Continued)

Note 12—Defined Benefit Pension Plan: (Continued)

D. Funded Status and Funding Progress

As of June 30, 2009, the most recent actuarial valuation date, the County's plan was 86.84% funded. The actuarial accrued liability for benefits was \$8,605,107, and the actuarial value of assets was \$7,472,618, resulting in an unfunded actuarial accrued liability (UAAL) of \$1,132,489. The covered payroll (annual payroll of active employees covered by the plan) was \$2,896,185 and ratio of the UAAL to the covered payroll was 39.10%.

As of June 30, 2009 the most recent actuarial valuation date, the County School Board's plan was 103.09% funded. The actuarial accrued liability for benefits was \$2,067,259, and the actuarial value of assets was \$2,131,111 resulting in an unfunded actuarial accrued liability (UAAL) of (\$63,852). The covered payroll (annual payroll of active employees covered by the plan) was \$813,801, and ratio of UAAL to the covered payroll was (7.85%).

The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Note 13—Risk Management:

The County is exposed to various risks of loss related to tort; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries insurance.

The County is a member of the Virginia Municipal Group Self Insurance Association for workers' compensation. This program is administered by a servicing contractor, which furnishes claims review and processing.

Each Association member jointly and severally agrees to assume, pay and discharge any liability. The County pays Virginia Municipal Group contributions and assessments based upon classifications and rates into a designated cash reserve fund out of which expenses of the Association and claims and awards are to be paid. In the event of a loss deficit and depletion of all available excess insurance, the Association may assess all members in the proportion which the premium of each bears to the total premiums of all members in the year in which such deficit occurs.

The County continues to carry commercial insurance for all other risks of losses. During the last three fiscal years, settled claims from these risks have not exceeded commercial coverage.

Note 14—Litigation:

At June 30, 2010, there were no matters of litigation involving the County or which would materially affect the County's financial position should any court decisions on pending matters not be favorable.

COUNTY OF CUMBERLAND, VIRGINIA

Notes to Financial Statements
As of June 30, 2010 (Continued)

Note 15—Surety Bond Information:

	<u>Amount</u>
Fidelity and Deposit Company of Maryland - Surety	
Carol Ownby, Clerk of the Circuit Court	\$ 25,000
L.O. Pfeiffer, Jr., Treasurer	300,000
Anita French, Commissioner of the Revenue	3,000
Darrell Hodges, Sheriff	30,000
All Treasurer's office employees - blanket bond	50,000
Jim Thornton, Superintendent of Schools	10,000
Clerk of the School Board	10,000
Board of Supervisors	10,000

Note 16—Contingent Liabilities:

Federal programs in which the County and its component unit participate were audited in accordance with the provisions of U.S. Office of Management and Budget (OMB) Circular A-133, *Audits of State and Local Governments and Non-Profit Organizations*. Pursuant to the provisions of this circular all major programs and certain other programs were tested for compliance with applicable grant requirements. While no matters of noncompliance were disclosed by audit, the federal government may subject grant programs to additional compliance tests which may result in disallowed expenditures. In the opinion of management, any future disallowance of current grant program expenditures, if any, would be immaterial.

Note 17—Post Employment Benefits Other Than Pensions:

The Government offers post-employment medical coverage to its retired employees, however has no employees enrolled in the program. The Government has elected not to obtain an actuarial valuation to determine liability for this benefit in accordance with the financial reporting requirements of GASB45 and believes there is no material affect on the County's financial position.

Note 18—Subsequent Event:

The County of Cumberland and County of Henrico have entered into a Memorandum of Understanding (MOU) dated August 10, 2010 which provides for the County of Cumberland to execute all documents and perform all steps necessary to transfer all reservoir permit approvals to the County of Henrico. Pursuant to the MOU Henrico County shall reimbursement Cumberland County \$2,104,646 for permitting costs related to the reservoir project and \$550,384 for wetland mitigation costs, within 30 days of Cumberland's execution of assignments of its rights under the MOU. The MOU also stipulates that Henrico County shall make an annual contractual payment to Cumberland County for 50 years from the date of the MOU in the amount of \$1,131,900, as long as Cumberland's consent remains in effect and Cumberland does not impose a service charge on the reservoir property, and as long as the reservoir remains in operation.

REQUIRED SUPPLEMENTARY INFORMATION

Note to Required Supplementary Information:

Presented budgets were prepared in accordance with accounting principles generally accepted in the United States of America.

Detailed explanation of adjustments from fund statements to government-wide statement of net assets:

When capital assets (land, buildings, equipment) that are to be used in governmental activities are purchased or constructed, the costs of those assets are reported as expenditures in governmental funds. However, the statement of net assets includes those capital assets among the assets of the School Board as a whole.

7,751,582

Long-term liabilities applicable to the School Board's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities--both current and long-term--are reported in the statement of net assets.

Reconciliation of Statement of Revenues,
Expenditures, and Changes in Fund Balances
To the Statement of Activities -
Discretely Presented Component Unit - School Board
Year Ended June 30, 2010

		<u>Component Unit School Board</u>
<p>Amounts reported for governmental activities in the statement of activities are different because:</p>		
Net change in fund balances - total governmental funds	\$	14,316
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the capital outlays exceeded depreciation in the current period.</p>		
Depreciation expense		(354,001)
Capital assets disposed of during the year		(1,816,819)
Transfer of joint tenancy assets from Primary Government to the Component Unit		1,324,315
<p>The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.</p>		
Principal retired on capital lease	\$	49,639
Change in accrued leave		(77,208)
		(27,569)
Change in net assets of governmental activities	\$	(859,758)

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To The Honorable Members of the Board of Supervisors
County of Cumberland
Cumberland, Virginia

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Cumberland, Virginia, as of and for the year ended June 30, 2010, which collectively comprise the County of Cumberland, Virginia's basic financial statements and have issued our report thereon dated September 20, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County of Cumberland, Virginia's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the County of Cumberland, Virginia's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County of Cumberland, Virginia's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County of Cumberland, Virginia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Supervisors, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Report on Compliance with Requirements that Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133

To The Honorable Members of the Board of Supervisors
County of Cumberland
Cumberland, Virginia

Compliance

We have audited the compliance of County of Cumberland, Virginia's Compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010. The County of Cumberland, Virginia's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of County of Cumberland, Virginia's management. Our responsibility is to express an opinion on County of Cumberland, Virginia's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County of Cumberland, Virginia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County of Cumberland, Virginia's compliance with those requirements.

In our opinion, the County of Cumberland, Virginia complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

The management of the County of Cumberland, Virginia is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the County of Cumberland, Virginia's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

Internal Control Over Compliance (Continued)

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Supervisors, management, others within the entity, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2010

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of the County of Cumberland, Virginia under programs of the federal government for the year ended June 30, 2010 . The information in this Schedule is presented in accordance with the reporting requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Because the Schedule presents only a selected portion of operations of the County of Cumberland, Virginia, it is not intended to and does not present the financial position, changes in net assets or cash flows of the County of Cumberland, Virginia.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3 - Relationship to Financial Statements

Federal expenditures, revenues and capital contributions are reported in the County's basic financial statements as follows:

Intergovernmental federal revenues per the basic financial statements:

Primary government:

General Fund	\$ 642,886
Capital Projects Fund	63,273
